Volume No. 17**

Alma Mater praises...Fight song salutes...HOWER

FIGHT SONG

Take off your hats to good old Hower
And to the grand old Blue and Gold
With students singing, and colors streaming
We are out to meet the foe.
Our education is our future,
So we must strive as years go by,
When school is over, and in our memory,
We will cheer for Hower High!
Rah! Rah!
We will cheer for Hower High!

ALMA MATER

Give praise to Hower, rise and stand,
With heads held high we face the light,
We rise from ignorance and take thy hand,
To knowledge filled with promise bright.
Hail, fostering mother, thy sons and daughters,
Stand and sing to Hower High!

**Artisan
dedication
honors
Mrs. Otto**

The Artisan '67 is dedicated to Mrs. Connie Otto in thanks for fifteen years of friendship and efficiency.

Hower holds many memories for Mrs. Otto as she recalls, "When I came to America in 1928, I attended school right here at Hower, then known as Perkins School. attended classes three nights a week at this Americanization school from October until May. I met Richard, my husband, while attending these classes in reading English."

Mrs. Otto transferred to us in February, 1954 from Garfield, where she had been active in the PTA. Hower's cafeteria was only a year old when she joined the crew who served a four-year high school. Not long

after her arrival she was presented an honorary life membership in the PTA by Mr. Bogner, from the faculty of Hower High School.

Five years ago, Mrs. Otto started the tradition of a morning repast, when the teachers were greeted with coffee one cold morning. The coffee, milk, and doughnuts have become a part of the day for faculty and students alike.

Hower won't soon forget Mrs. Otto. The fondness and appreciation we have for her, will be realized even more as she closes her final year with us.

Orchids to the lady who has cared for us in such a personal manner!

Foreword

The year of '67 was our year, a year we can remember. We all talked about Homecoming, athletic events that raised our hopes for victory, and the Senior-Faculty basketball game; we laughed so much. Remember the many basketball games we won — all the other good times all through the school year.

As the academic year comes to a close, the sophomores finally realize that they belong, the juniors are pushing to be seniors, and the seniors come to a new beginning while the doors close on their high school days.

There will be many more years at Hower and many more students, but never again will there be a year like that of '67!

Dynamic teachers inspire recognition

We acknowledge the artistry, talent, and experience of three of our dedicated teachers. They became involved in the lives of students — committed to the ideal of teaching. Theirs is a true vocation totalling seventy-five years of challenge and opportunity for students at Hower. Faculty and students thank and hold in recognition — Mrs. Abby Nelson, Mrs. Grace Phillips, and Mr. Wm. Breitenbach.

Hower welcomes new Superintendent

Conrad C. Ott

The Artisan welcomes Mr. Conrad Ott, superintendent of Akron Public Schools, to Akron and to Hower Vocational High School. May our hospitality live up to the expectations of this Southern gentleman from Lexington, Kentucky.

Salute the patriots of '66

We salute the graduates of '66 who are in the military service of our country. These patriots are now engaged in a conflict overseas, both a war on the field of battle and a battle to win man's mind.

Many of our boys are going to leave for military service in the near future. Some will see action; others will not. These young men will travel half-way around the world, but their thoughts will be of home. Our graduates will join these veterans of '66 in the service of our country.

To all who fight for us we give recognition and gratitude. We salute the Hower soldiers of '66. We will not forget you. Safe home — and take care!

"The Star Spangled Banner"

O, say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars through the perilous fight,
O'er the ramparts we watched were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
O, say, does that star-spangled banner yet wave,
O'er the land of the free, and the home of the brave?

Faculty and Administration

"At its highest level, the purpose of teaching is not to teach — it is to inspire the desire for learning. Once a student's mind is set on fire, it will find a way to provide its own fuel."

"The teacher who knows all the answers is not always the one who knows the right questions to ask; the teacher who makes us want to find out the answers for ourselves is the only one who has genuinely contributed to the real end of education — who is, a lust for knowing."

This was written by Sydney Harris in the Akron Beacon Journal, but it also expresses the cause our faculty represents. For this, each member of the student body owes them a sincere debt of gratitude.

Kenneth Christner and Douglas Menefee as a team represented Hower in competition between 14 schools, in Canton on May 13, 1967. The competition is in the form of malfunctions placed in new Plymouths by dealers. Malfunctions must be removed and car be running in showroom manner to win. Winner of local contest is eligible to compete in the National Contest in Detroit.

Upholding a strong tradition of winning Art awards, Hower Commercial Art students confidently moved into the field of Art competition.

The Huff Award, annually given to an art student by the Akron and Summit County Federation of Women's Clubs was won by Alyce Harris. Along with a monetary reward is the assurance of an opportunity to give a one-man art show.

Dan Long captured a four year all-tuition scholarship to Kent State University in the Art Scholarship competition at Kent State on Saturday, the fourth of February. All students submitted a portfolio, and took a working exam. Alyce Harris won second alternate. This is the third consecutive year that Hower has won this scholarship.

Outstanding in total awards given in the Northeast Regional Scholastic Art Awards were Dan Long, James Schultz, Alyce Harris, and Jackie Sweat, seniors. Dave Knox and Paul Breedlove merited this same status for the juniors. Alyce Harris, also submitted a portfolio which proved to be one of three chosen to be entered in the National Scholarship competition in New York City.

The Huff, Kent, and Scholastic Art Awards are proudly held by Commercial Art students whose competition won these honors for Hower Vocational High School. We are edified by the excellence, talent, and perseverance of these artisans.

The Bucs finished the season, with a 0 and 9 record. Injuries, along with the inability to sustain a substantial offensive, failed to stop the desire and initiative of a talented young squad.

Outstanding offensive and defensive performances gained recognition for several of our players on the Beacon Journal All-City Team. Ken Thompson was named second team tackle. Joe Lo Cascio, Kent Perkins, Randy Lipscombe, and Joe Patoes received honorable mention.

A talented group of determined lettermen will spark next year's team. They will be backed by the experience of Mr. Zupke and the expectations of the rest of the coaching staff and student body.

Harriers finish with 15 —1

Cross Country Team finished this year with one of the finest team records ever recorded at Hower. The Bucs, under the coaching of Mr. Stams, accumulated an outstanding 15 - 1 record in dual and triangular meet competition. This squad of talented athletes placed second in the City, were runners-up in the District, and fifth in the Regional Meet. The team consisted of six seniors, 4 juniors and one sophomore. They are:

Name	Class	Best Time

Paul Broaddus - fourth in state

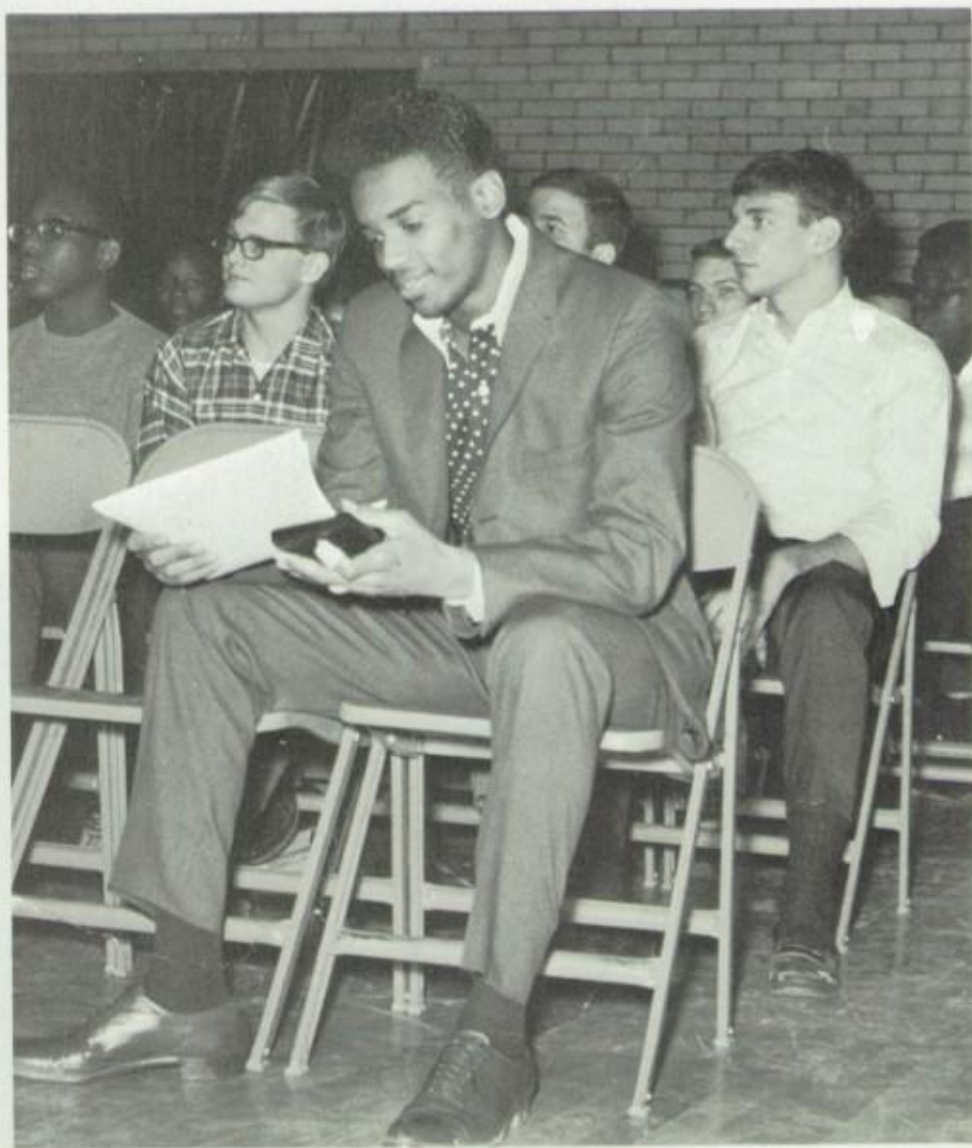

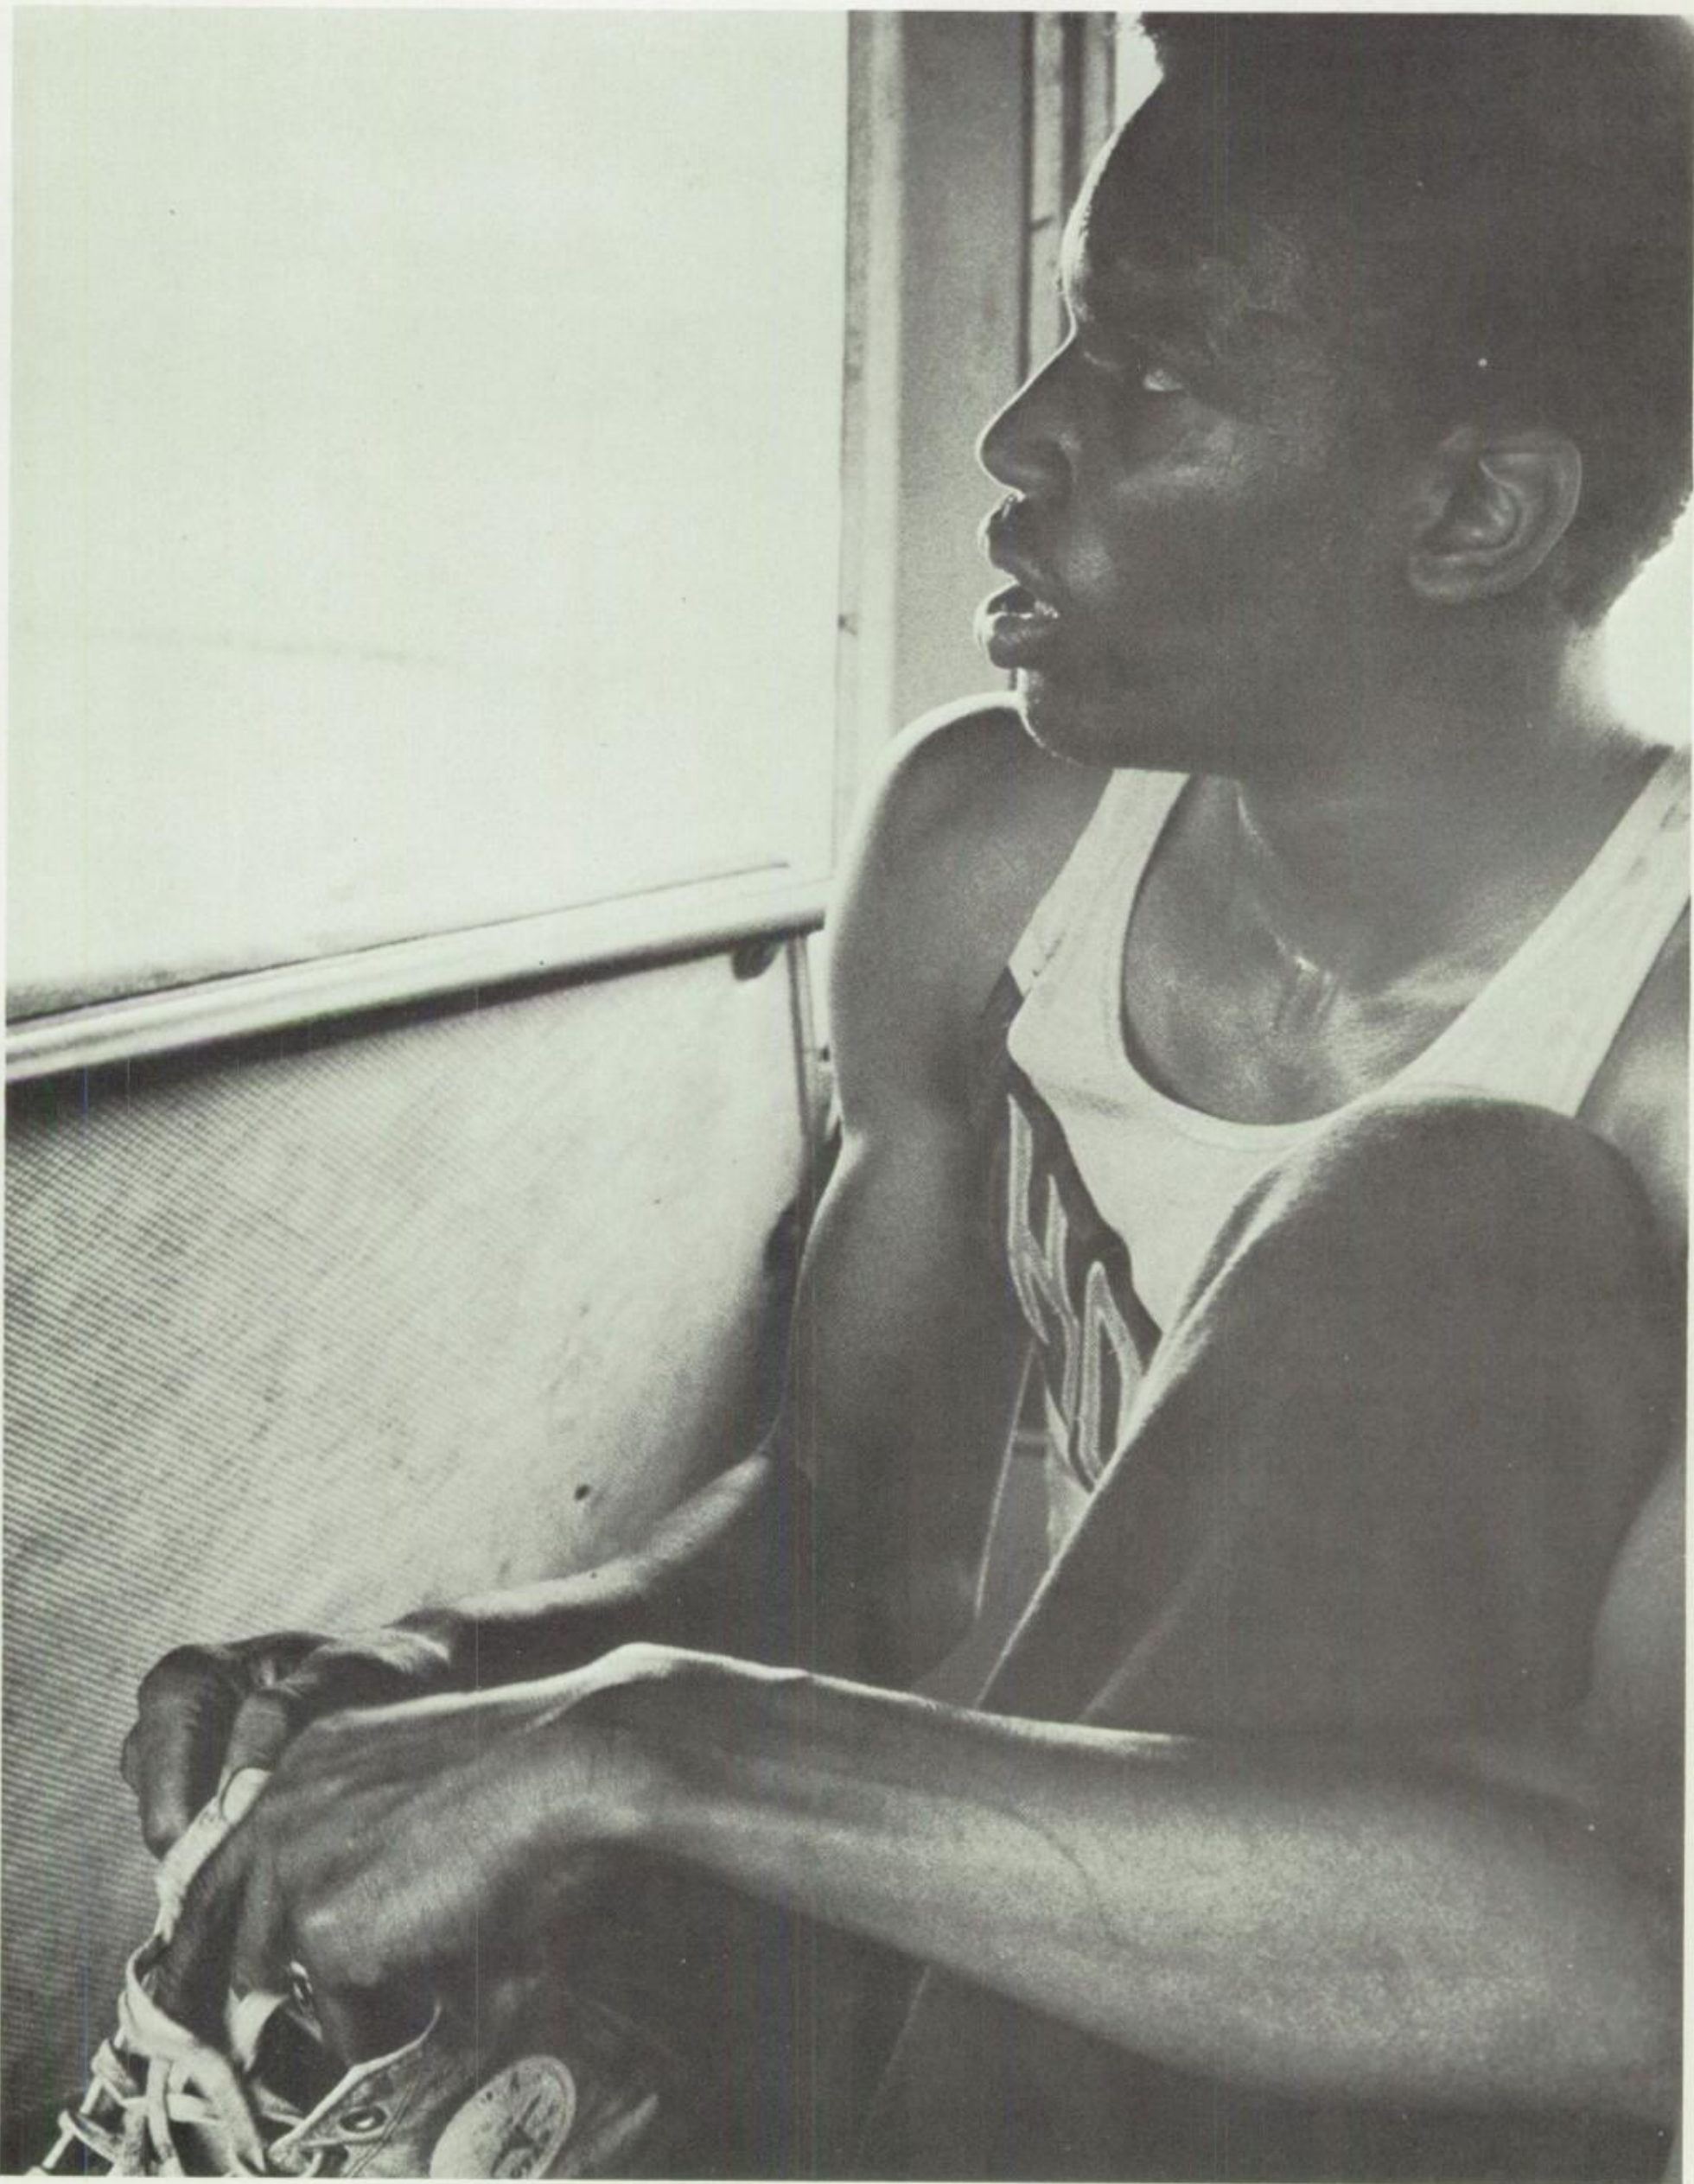

Cross-Country is one of the toughest competitive sports in high school today. Like many other things, it requires a lot of practice, time, and hard work. Paul Broaddus is a prime example of all this and more. In junior high, Paul placed fourth in the city for the quarter mile run in track, also fourth for the relay team. Here at Hower, Paul holds the school record of ten minutes and fifteen seconds for the two-mile cross-country course. Broaddus is a three year award winner, and has twice been chosen as the team's most valuable runner. In 1965 he received two silver medals for turning in brilliant performances in both the city and district meets. Paul also placed forty-second in the state last season. This year, he won gold medals for placing fourth in the city and third in the district. Broaddus also went on to take fourth place in the regionals and fourth in the state meet.

When asked by Mr. Stams, "What do you get out of running?", he replied "Enjoyment, thrills, love of competition, and complete satisfaction of winning."

Paul went on to say this, "Running is the greatest exercise in life. It has helped develop me both physically and mentally."

Paul's goals in life are to attend college, participate in Track and Cross-Country, and run a three-minute mile.

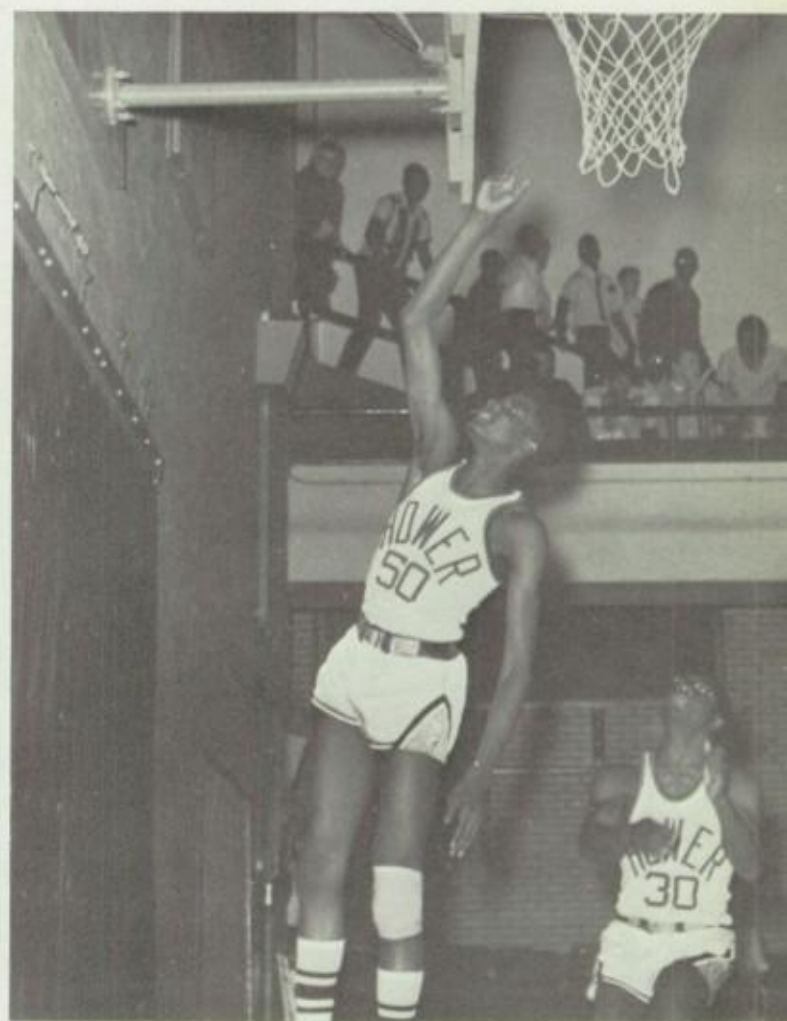

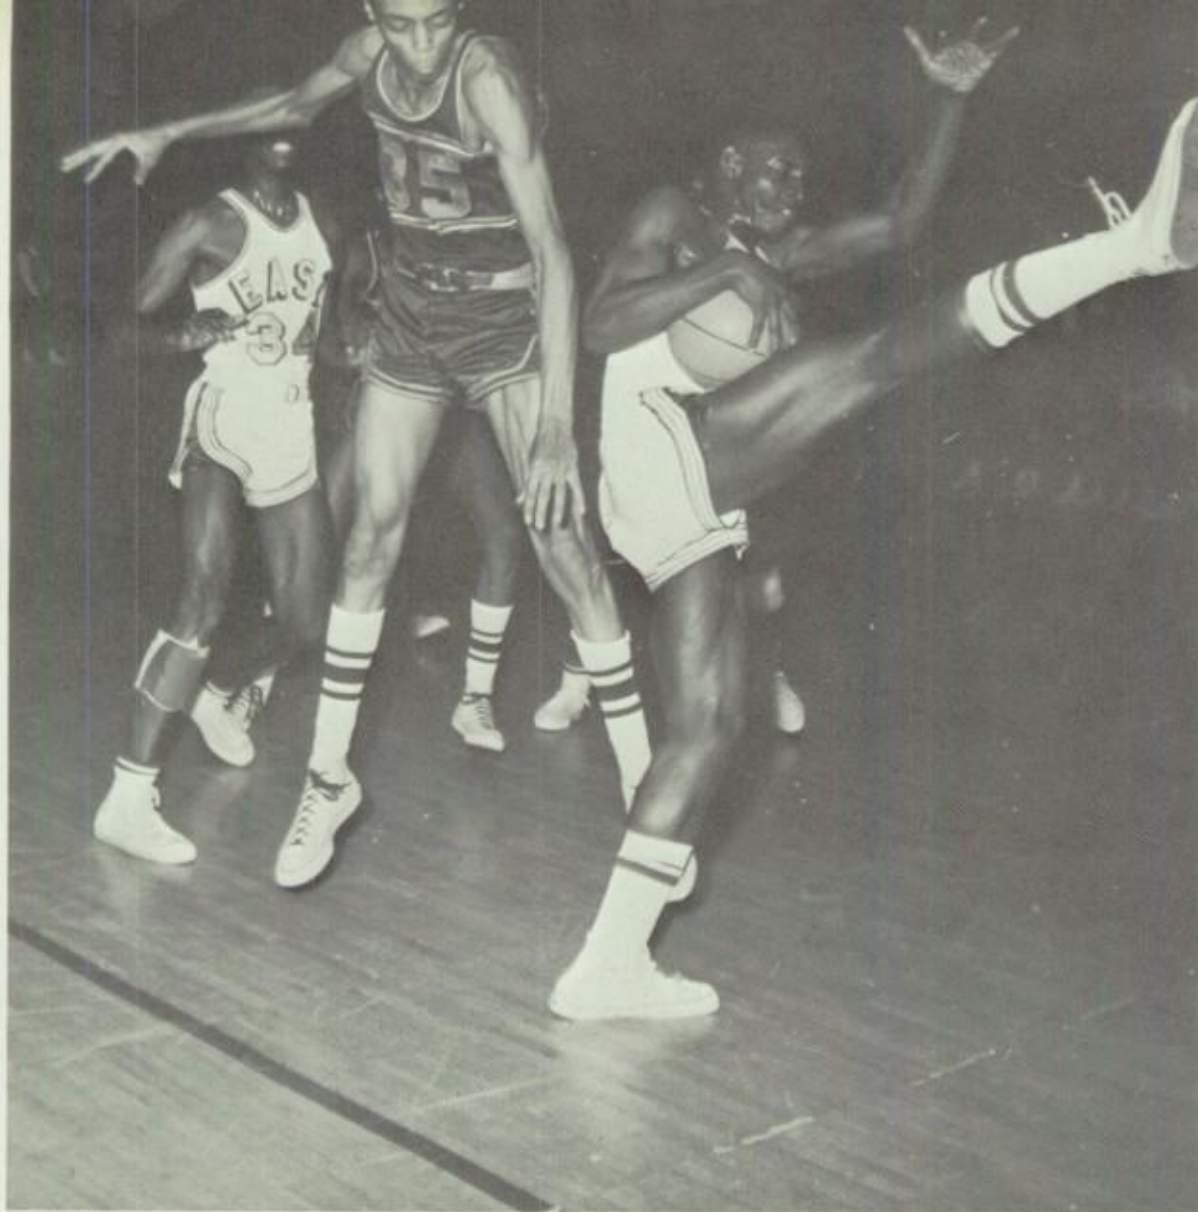

Stam's star-studded squad stumps city

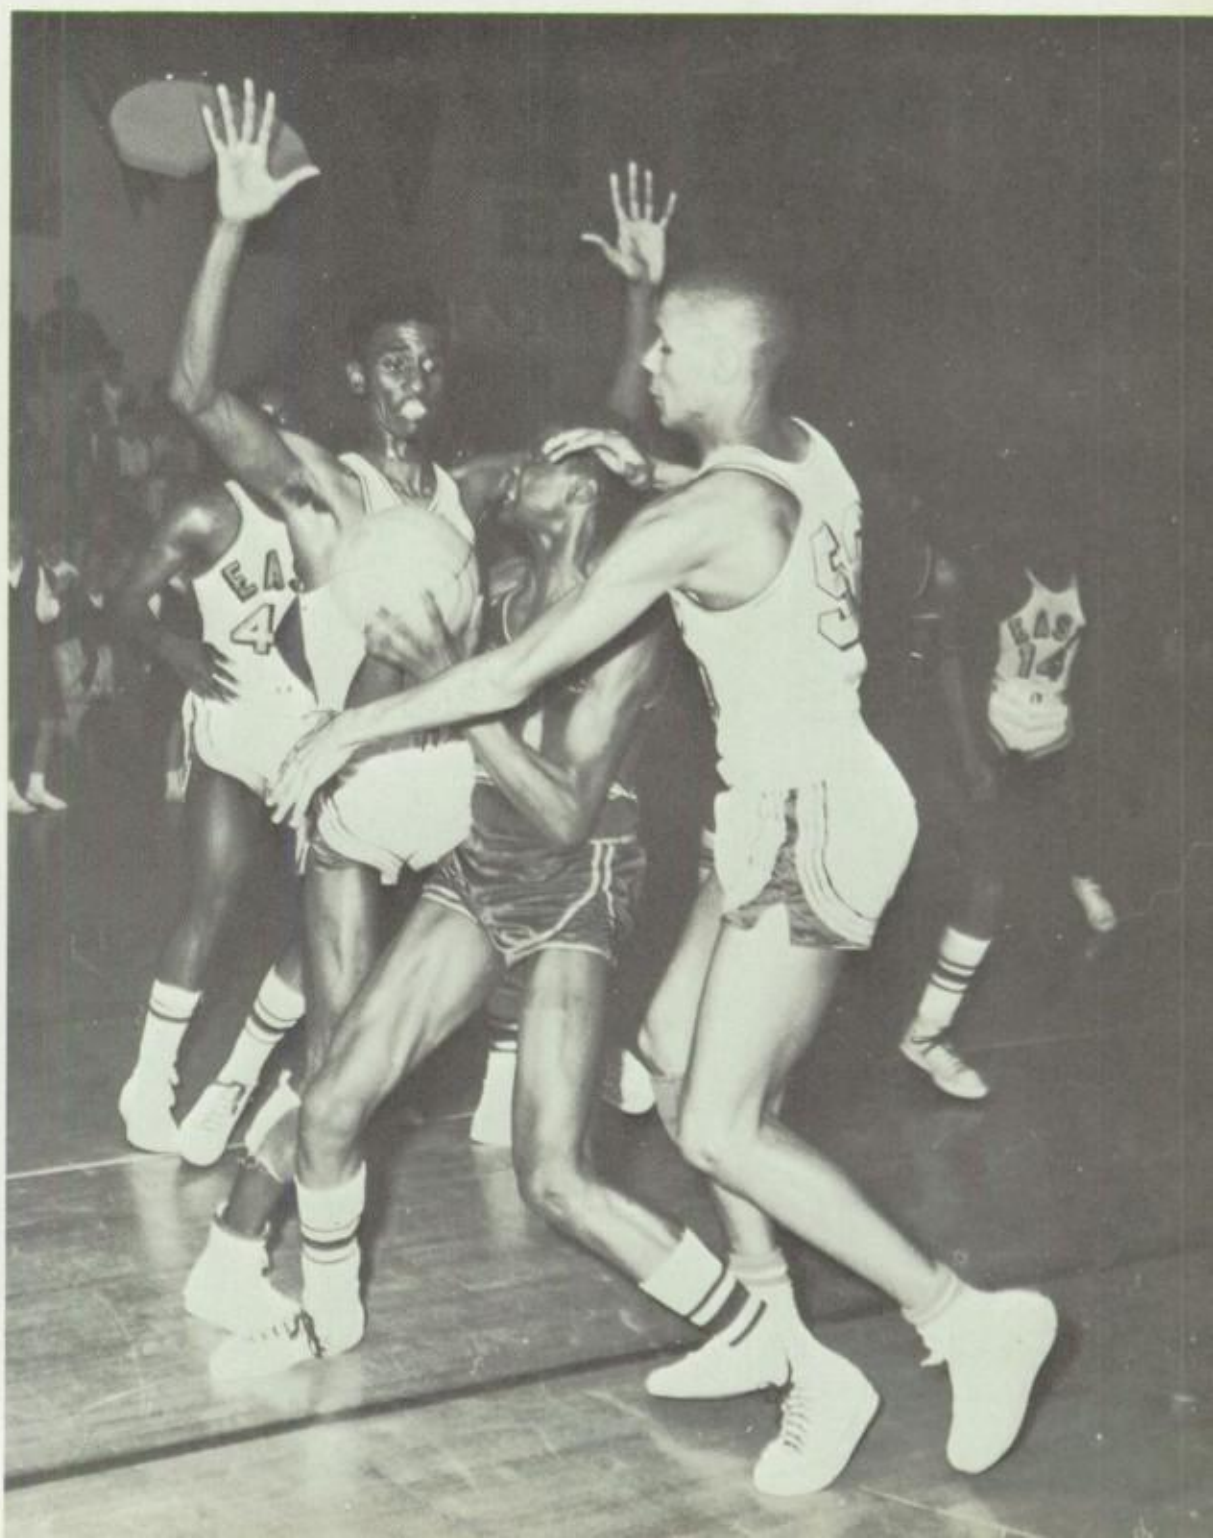

The 1966-67 Hower Varsity Basketball Team compiled their finest record in ten years, finishing the regular season with 11 wins and 5 losses.

This fine record that included a six-game winning streak at the end of the regular season was made possible by the fine performances of All-City selections. Eddie Williams, Greg Bryant, and Willie Lewis accounted for better than one-third of the team's total points.

Other clutch performers were seniors Ezra Kelly, Benny Rice, Gilbert Brown, and Lee Andrews; juniors Bill Taylor, Greg Bevins; sophomore Ray Curry.

Highlights of this season were wins over four powerful City Series opponents: Kenmore, Garfield, Buchtel and East; also five always tough independent teams: Saint Vincent, Hoban, Canton Lehman, Barberton and Wadsworth.

Eddie Williams who scored a season high of 34 points in the season opener at St. Vincent was named to the All-City first team. Greg Bryant, the second leading scorer and rebounder, was named to the All-City second team while Willie Lewis, the leading offensive and defensive rebounder received honorable mention on the All-City team.

SWIMMING

This year's Swim Team accumulated many honors. The relay team took fifth in the city, which entitled Dave Emery, Ken Hodgen, Wayne Locke, and Ron Meredith to ribbons. Tom Spoerrndle won a sixth place ribbon in the 200 yard individual medley. Captain Larry Highes also won a sixth place ribbon in the 100 yard breaststroke. The fourth place 100 yard butterfly was taken by Wayne Locke. In addition to these ratings the 400 yard relay earned sixth place ribbons for Ken Hodgen, Eddie Boyce, Larry Hughes, and Tim Chancey.

Ending the season with 2 wins and 6 losses, Coach Pignatelli is already looking ahead to next year when the nucleus for another fine team is already assured. Graduates on the squad are Larry Hughes, Carl Craig, Ron Meredith, Ken Hodgen, Jim Schultz, Larry Snodgrass, and Ray Mason.

Baseball

Hower slugged out its 1966 baseball campaign with a young, inexperienced team. Three victories over stiff competition were impressive. Jack Johnson was the most competitive player. Defensively playing short stop, he often provided the scoring punch needed to score a team victory.

Other team-mates Joe Lo Casio, Eddie Williams, Ron Childers, Greg Bryant, and Tony Macaluso also turned in outstanding performances. Coach Mr. Di Lauro promoted and shared in the success of his team.

More seasoned this year, baseball lettermen will resume try-outs and practices in spring training for 1967 league play.

Harriers hurdle city competition

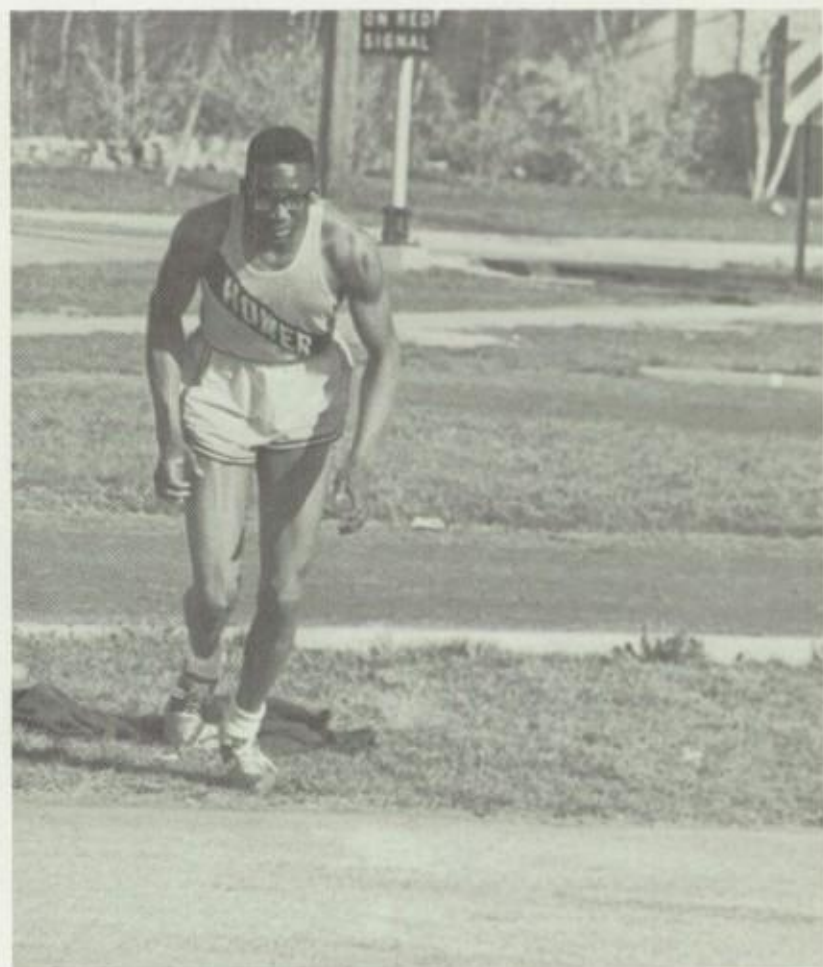

Last year's, 1966, Hower Track Team compiled a record of three wins and seven losses. Several members of the team shattered school records.

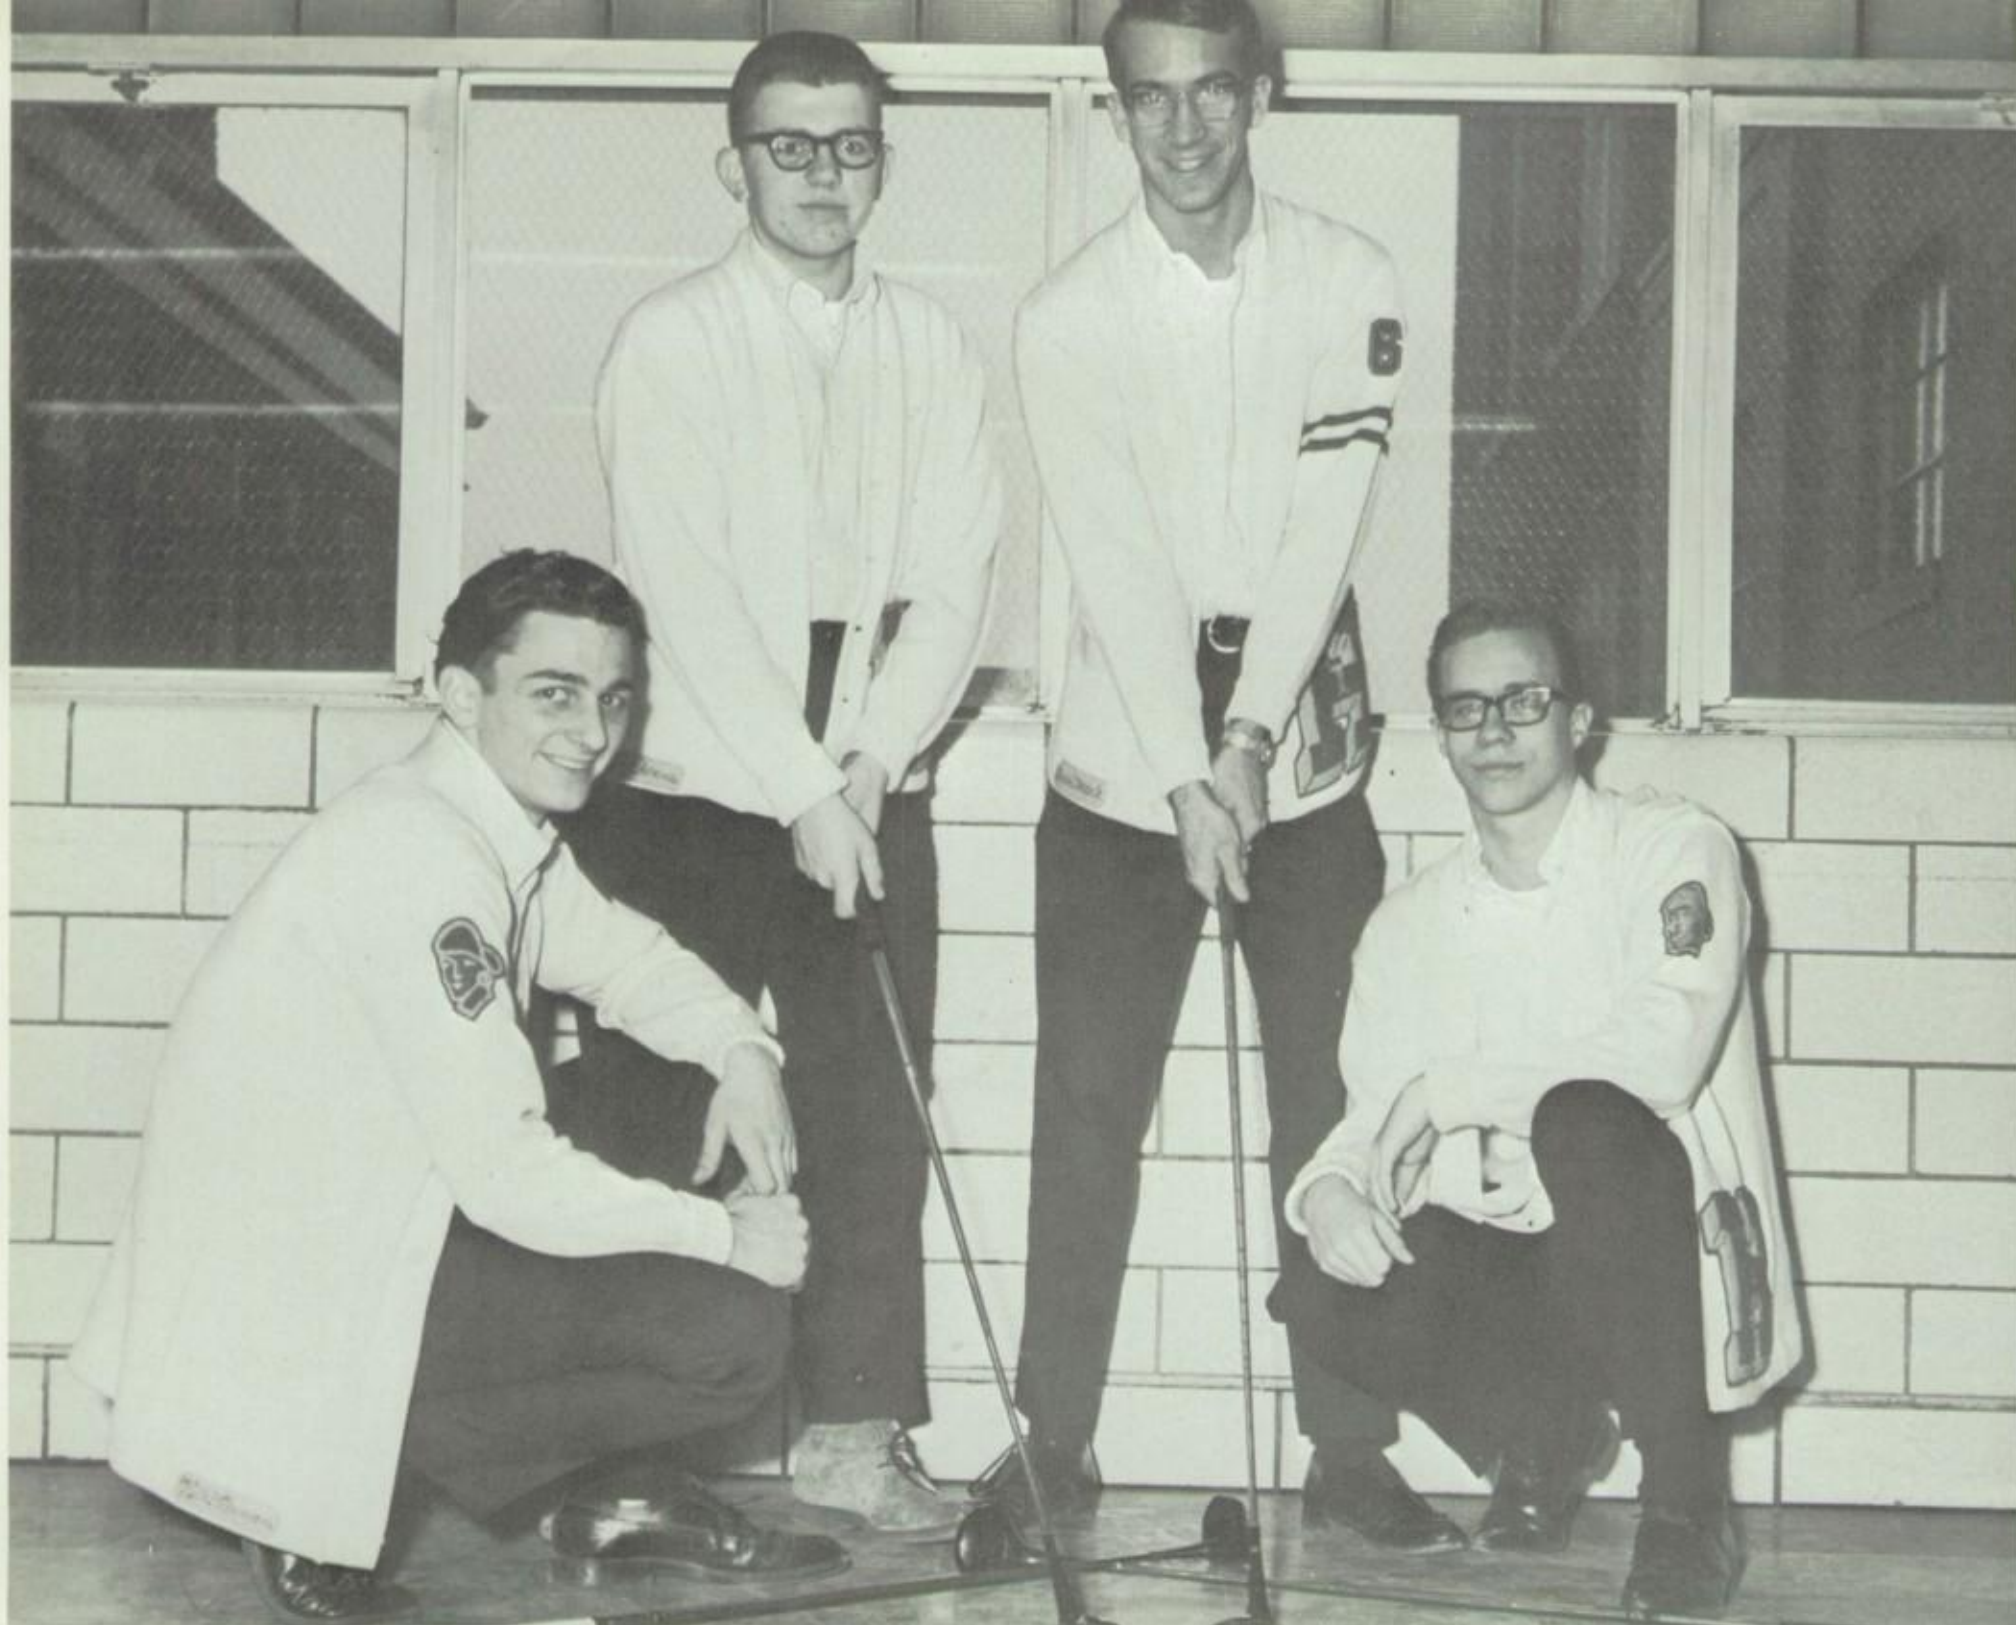

When speaking of track records at Hower, Paul "Horse" Broaddus always comes to mind. Paul now holds three individual records and shares another — one school relay mark — with three other men. He ran the 440 yard dash in 52.8 seconds; the 880 yard run in 2 minutes .1 seconds; the mile run in 4 minutes 39.2 seconds. He shares the mile relay record, run in 3 minutes 36.7 seconds, with Charles Foster, Derrick Higgins and Bill Gladman.

One other school record was set by Jerry Miller in the Discus with a throw of 141 feet 2 inches.

Paul Broaddus, Doston Jones, and other track men are returning for the 1967 season. Tryouts begin March 6th, and the season continues until the end of May. Hower will enter All-City and Greater Akron Relays. The State Meet in Columbus concludes the 1967 season.

Linksmen catch spring fever --shoot near record scores

The '66 spring season of golf afforded enjoyment and competition to team players in twelve matches at Good Park municipal golf course. A district tournament followed. Dave Macak captained the linksmen: moreover, other members of the team were Bill Hileman, Ed Bates, and Dennis Adams.

Practice sessions and lessons by coach Stams improved tally scores of all the players.

These same players return as veterans to the '67 season.

Girls' sports enjoys successful season

Girls Interscholastic volleyball and basketball enables girls to compete in sports events against other girls in the city schools. Games are played at Crouse Elementary School gym once a week for four weeks. Eligibility includes all 10th, 11th, and 12th grade girls with permission of their parents.

Physical fitness and good sportsmanship are the main rewards — championship in the offing!

Members of the basketball team are: Rosa Williams (captain) Diana Burbridge, Lola Potok, Crystal Lawrence, Judy Sigman, Nancy Perkins, Barbara Hayes, Flora Whit-horne, and Kathy Bittner.

Members of the volleyball team are: Rosa Williams (captain) Ramona Salisbury, Judy Sigman, Sue Straub, Margie Shearow, and Lola Potok, Cynthia Jenkins, Marcia Gibson, Janice Mapp and Janice Pinkley.

Service personnel adds

A graduate of Hower in 1938, Mr. William Bealer presently heads the custodial staff. He is assisted by Mr. F. Baron, who also graduated from Hower, 1954. Other custodians are Mr. Eugene Dizier, Mr. Walter Knoerzer, and Mr. Damascus Ballard.

Mr. Bealer and his staff appreciate and favor all sports events, school plays, and other co-curricular activities as being the life of the school.

Hower's Lawmakers make changes

Student Council sets the standards of school life, touching in some way every aspect, standing as the core of student government. Each homeroom is entitled to one representative and one alternate. The president, a senior, and vice-president, a junior, are elected by the student body; other officers are chosen by the members. All meetings are open to the student body. This year's officers were Larry Hughes, president; Kathie Quinn, vice-president; Marie Reitz, secretary; and Joann Ostrowske, treasurer.

Why is the Student Council so important to school life? Regarding sports, it puts on the pep assemblies for sports events and runs the concession stand for basketball games, as well as promoting school spirit through the sale of school buttons, decals, and book-covers. For social life or recreation there are dances after games and major dances such as Homecoming. Student Council also sponsors Friendship Day. In addition is the annual homeroom competition with Christmas decorations. Betterment of the school is furthered through the Dress Right program, and Citizen of the Month.

A sincere "Thank You" is offered Mr. William Clark, the adviser of Student Council. This job takes unlimited patience. This becomes a thankless job in the dead of winter. The 1966-1967 student body says "Thank You, Mr. Clark."

Red Cross is civic minded

High School Red Cross at Hower is a very active club. Dedicated to serving the community and our country, this organization worked on many civic and charitable projects this school year.

Under the guidance of their sponsors: Mrs. Marilyn E. Straub and Mrs. Louise Ross they aspire to building better human relations in the community. The officers of the club are as follows: Raul Umana, President; Yvonne Mitchell, 1st Vice-president; Linda Foster, 2nd Vice-president; Nancy Donley, Secretary; William Bell, Treasurer; Lynn Farmer, Historian; Linda Kelly and Lewis Vincent, Sergeants-at-Arms.

Honor Society completes second year

National Honor Society was originated in 1919, but it is a relatively new organization at Hower. Sponsored by Miss van Court we were granted a charter in 1965. Honor Society is a national organization to bring recognition to those students who achieve and maintain a three point or higher scholastic average as well as showing leadership, demonstrating good character, and stimulating a desire to render service.

Honor Society has made its presence known to the school in many ways. For two years now they have run a paper back book store at lunch periods. This year with the help of Student Council, they sponsored a dance on February eleventh for Valentines Day.

The society had twenty nine members. The officers were: Jeannean Galluch, president — Barbara Angeline, vice president — Tracy Schulty, secretary — Larry Sullivan, treasurer.

The Cosme-Debs saw their silver year of service in 1967. Mrs. Phillips organized the club in 1942. Their deep roots show in their heritage of flower, the orchid; colors, silver and aqua; and song, "Chums."

President, Jeannean Galluch; first vice-president, Sandra Dako; second vice-president, Paula Helfrich; secretary, Carolyn Di-Giulio; treasurer, Cheryl Grant; sergeants-at-arms, Pam Galleher and Wendy Hull, and historian, Bobbie Glenn were installed in an impressive candle light service. Annual club projects consist of a Christmas dinner, dressing dolls for the Salvation Army at Christmas, a spring dance, and a mother-daughter banquet. There were thirty eight Cosme Debs this year.

Enthusiasm in new club...Chess players unite

Hower saw the birth of a new club this year. Under the direction of Mr. Karam a Chess Club was organized. There were twenty members along with president Joe Kostelenski.

The full purpose of the Chess Club is the enjoyment of the members through play offs and inter-mural competition.

Seniors work at dental assisting

Hower's "Good Will Ambassadors", established in 1958, play an essential part in school life. The major activities sponsored by the D. A. club are the Senior Girls' Tea and the Mother-Daughter Banquet, as well as community projects such as distributing Thanksgiving food baskets and caroling at Christmas time.

All the club members are Dental assistants, this year numbering twenty-one. The offices are held by Peggy Bowles, **president**; Gina Ford, **vice-president**; Karen Cottle, **secretary**; Joyce Schneider, **treasurer**; and Linda Collins, **Chaplain**. The adviser and sponsor is Mrs. Snyder, Dental Assistant teacher.

Pep club rallies support... Field trips include skiing, skating

The purpose of Pep Club is to build school spirit and enthusiasm for Hower's activities. Successfully achieving this purpose was President Kent Perkins, ably assisted by Jim Schultz, as vice-president, Nancy Perkins, secretary, and Paula Helfrick, treasurer.

Sponsored by Miss Lois Chermak, the Pep Club in turn sponsored, among other activities, a ski trip to Brandywine Lodge in Peninsula, Ohio, and a roller skating party for Pep Club members and guests. Our own Mr. Landis, assistant football coach, was one of the sixty roller skating enthusiasts.

Debaters show intellectual curiosity

A little recognized group at Hower is the Debate Club. This group too, is sponsored by Miss van Court, who sponsors Hower in the Ohio Speech League.

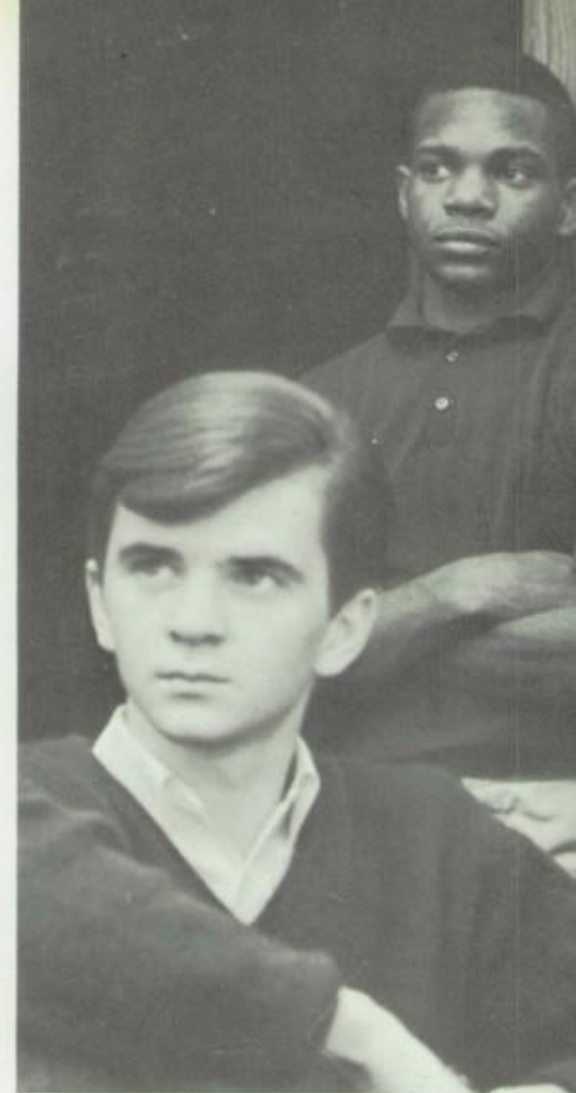

With chairm'an, Sharon Dodson there were seven debaters this year. They participated in scheduled local, regional, and state debate meets.

Enthusiasm in choir

Under the direction of Mr. Theodore Uverity, this year's choir had a very good turn out. The members number between forty-five and fifty. The major activities of the

choir consist of Christmas caroling in the halls, and singing for Baccalaureate and Graduation ceremonies. A number of singers are chosen each spring to perform in the City Wide May Festival.

The Artisan Yearbook Staff was chosen on the basis of open competition and recommendations by a committee of teachers.

The lessons learned by these students in perseverance, cooperation and courtesy during their work over the past year should prove invaluable in the future.

All of the 1967 Artisan staff wish to express their appreciation to Mrs. Abbie Nelson, Art consultant; Mrs. Grace Phillips, Advertising adviser; Mrs. Philip Karam, Yearbook sales; and finally, to Mrs. Jane Hanson and Mrs. Gertrude Abshire who did the major portion of typing.

Many students in the Commercial Art Department worked long hours. We are indebted to these Artisans — Jim Schultz, Annette Sweeney, Sharon Rivers and Marvin Wolfe.

HOMECOMING..... Evening in Athens outstanding

"Evening In Athens" was the theme of the main social event of the year. Sponsored by Student Council the evening was a gala affair.

Upholding his own reputation for outstanding decorations was Dan Long this year assisted by Joann Ostrowske, and Paul Guttman. A Greek fountain was the focal point, with the court presented against a setting of columns and compotes set off by a marble bench throne. This year's decorating was covered by Anne Thomas-Moore of WAKR TV. Pictures were shown of the decorating committee on her show on the following Tuesday.

Special gratitude is expressed by the student body to the small core of four or five seniors, who made this annual high school and alumni event an outstanding evening not soon to be forgotten.

Enjoyment sets tone of Friendship Day

The "Friendship Day" assembly was held on October seventh in the school gym. It is an annual assembly held to give students the opportunity to socialize with old friends but mainly to get acquainted with new friends. Student Council sponsors the event and sells cards for people to get their friends' autographs. The design of this year's card was done by Dave Knox of 11 C.A.

A pep assembly for the Buchtel game began the activities followed up by a sock hop and general social hour.

Cosme-Debs celebrate silver anniversary

The Silver Anniversary of Cosme-Debs was celebrated throughout the school year. A Silver Christmas Banquet was served in the school cafeteria by Mrs. Otto and her staff. This highlight of the year of celebration was a huge success of merriment and laughter.

project to excite spirit

This was the first year for the Hower Car Contest, but the enthusiasm makes the probability favorable for its repetition.

It all began as a little competition between the senior drafters. Before this could even come about, the thought of bringing other groups into it aroused hopes and enthusiasm. Finally, there were weeks of publicity and preparation. Letters were written to the manufacturers of model kits and the response was even more encouraging.

There were three categories of entree: kit models of cars, miscellaneous kit models of other than cars, and free-style design. Each entrant in the contest had his kit or design registered before the four weeks allowed for building.

Guest judges represented kit manufacturers as well as a faculty member and local personalities. The contest awarded cash prizes to the best in each division.

Moonlight and Roses was the motif of the semi-formal Sweetheart Dance of 1967. Held in Hower gymnasium Saturday, February eleventh, from eight to eleven o'clock in the evening, this dance was sponsored by Student Council and the National Honor Society under the direction of Mr. William Clark.

A red carpet led to the throne of the king and queen. A rose garden sprung from the center of the floor, and all around trees were covered with roses. Colored revolving lights lent enchantment of moonlight. Behind the two thrones a rose tree stood in relief against a gigantic white heart backdrop.

Kathie Quinn announced the names of the king and queen, the surprise election secret of the evening. Tracy Schultz was crowned Queen and Larry Hughes became King of the Sweetheart Dance. Crowners were Barbara Angeline and Carl Craig. Senior attendants were Carolyn Di Guilio, Kent Perkins; Junior attendants were Jo Ann Pamer, Larry Sciara, Bobbi Glenn, Tom Kosir; Sophomore attendants were Marie Reitz, Jim Schultz, Nancy Perkins, Phil LoCascio.

Office helpers merit recognition

Operating the postal delivery, communications, and transportation department of our school are the office assistants. These students help in the office during their study halls. They do clerical work and serve as messengers. This years assistants are Kathleen Callahan, Jo Ann Beres, Flora Whithorne, Glenna Smith, Greg Ashby, Rosa Williams, Barbara Angeline, Cheryl Grant, Melvin Mullins, Mary Witham, Anna Blasovski, Lola Potok, and Theresa Reich. Hower's student secretary, however, is Mary Rafferty, a student from Central High. Mrs. Abshire is our secretary.

We also appreciate the students who serve Mr. Copeland, our guidance counselor. Numbering eight their names are JoAnn Riddle, Marie Reitz, Kent Perkins, Brenda Custer, Marla Gibson, Phil Lo Cascio, Walter Albright, and David Scott.

Cafeteria student helpers are chosen by Mr. Snyder, Assistant Principal. No experience is needed. According to study halls, these sophomores, juniors, and a few seniors work part of a study hall period during the fifth and sixth lunch periods of the day. Richard Bowers, Michael Adams, James Williams, Douglas Conway, Richard Neeley, Chuck Bealer, Ernest Howard, Arletha Eady, Joanne Haines, Robert Green, Mollie Hahn, Nancy Perkins, Harold Mingo, Ray Curry, and Don Christ are the students who help in the cafeteria.

Student library aides volunteer services

Mrs. Hanson, librarian at Hower, said that the student library assistants are volunteer helpers. Norman Carswell, Larry DuMond, Stacy Payne, Norman Carstairs, Don Christ and Judy Sigmund are "regulars" — giving of their time on a daily basis.

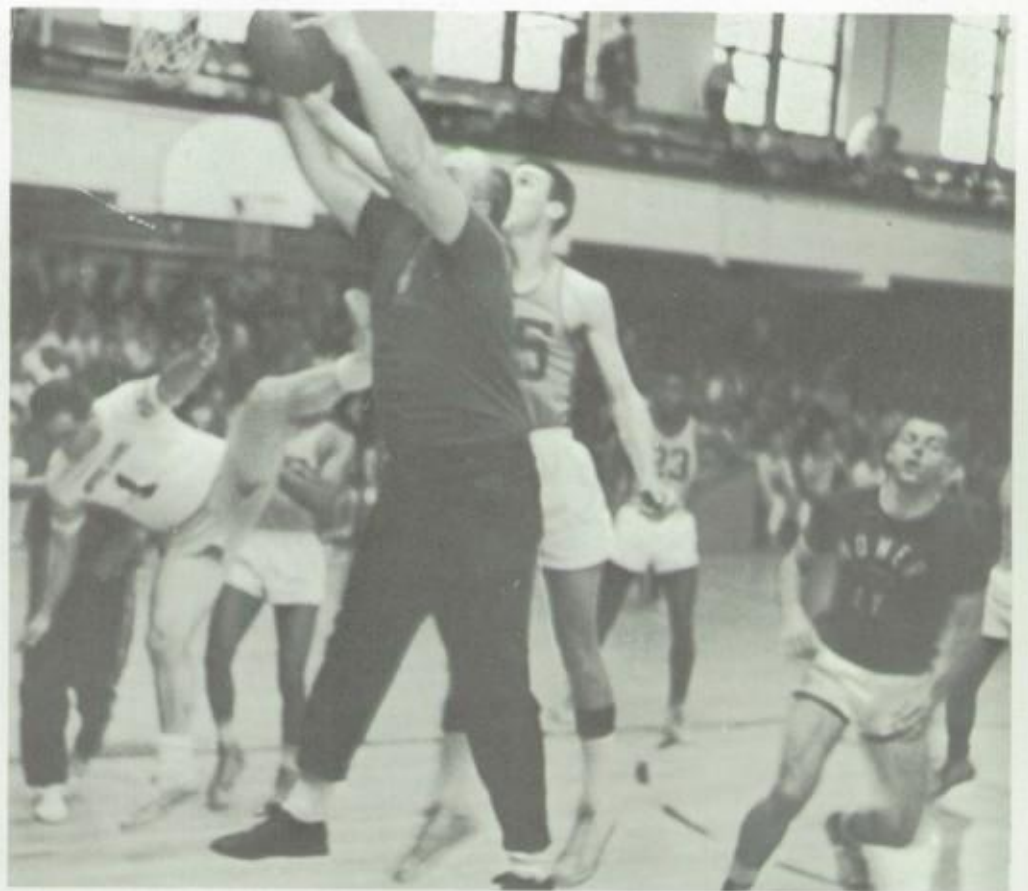

Art students under the direction of Mrs. Abbey Nelson assist in the arrangement of bulletin boards in the library.

Faculty meets basketball challenge

The Senior-Faculty game was played Friday afternoon, February twenty-first in the gym at Hower. Acting senior coach was Gilbert Brown. Referees were Mr. DiLauro and Mr. Niam. The Faculty squeaked through for a victory edge of three points, 51-48.

The game was planned by officers of the senior class and Dave Macak. This sporting event, however, has been played in other years, but it is not a scheduled long range plan.

Drama Guild marks fourth year

Membership in Hower Drama Guild is based completely on participation. If you take the time to have the fun of being in or working on a play you're a Thespian.

The group was organized in 1963 under the direction of Miss van Court. This year they numbered around fifty with officers: Jon Zacur, chairman—Alyce Harris, student director—Jim Schultz, publicity director—and Joann Ostrowske, librarian.

Drama Guild presents three plays every year. On November eighteenth was the fall all-school play, "Tune in on Terror". On April fourteenth the Junior-Senior classes presented "Our Town."

On February fourth was the annual Drama Clinic at Kent State University.

On senior recognition day a pin is presented to any senior who has participated in at least three productions.

If you happen to be a woman driver, tending to be slightly accident prone, there is one department at Hower that will stand you in good stead. These boys learn to iron out those awful dents and creases that just seem to happen so often.

The auto collision department, begun in 1930, has been instructed by Mr. Gibson for eighteen years, and Mr. Coleman for nine years. The students learn to recondition damaged auto bodies. This includes such skills as welding, metal forming, cost estimation, and painting.

Boys are employed as body and fender men in body shops. There is a large and rapidly growing demand for auto collision graduates.

Top Row: Danny Ilg, James McCail. **Second Row:** R. L. Polk, Jr., Joseph Price. **Bottom Row:** James Riggs, Eddie Simmons, David Sullivan.

Auto Mechanics

Hower offers a balanced program in Auto Mechanics. For the past several years students have enjoyed the opportunity to attend the General Motors Training Center at Parma, Ohio. Students have been near, or at the top of their classes while attending that institute. Mr. Milton Miller and Mr. Richard Schaller are the Auto Mechanics instructors.

Participating in the Chrysler Trouble-Shooting Contest has become a tradition at Hower, and the Auto Mechanics take advantage of the opportunity by placing near the top. Ambitious they are in the hope of going to Detroit again this year.

Carpentry

Upon graduation one hundred per cent of the seniors in Carpentry are employed in carpentry. Job outlook is excellent; three students plan to go on to college.

Last year all graduates were employed in carpentry, excepting three boys who entered the armed services and two students who were admitted to colleges.

Some of the projects that the student carpenters undertake on field trips are building garages and houses. In the shop cabinets and recreation room facilities are fashioned.

Mr. Poor, and Mr. Clark are the skillful teachers of this trade.

Day after day, a notable quotation greeted the eye of every junior drafter. As his glance drifted from the overhead projector he read: "Misery is an 'F' in technology!" This haunting thought, so distinctively expressed by Bob Smith on a sign over the black board, plagued twenty eight aspiring juniors on to the abandoned tables of the '67 seniors.

The objective in the drafting department is mastering the fundamental theory and practice of drafting; it teaches the preparation of detail and assembly drawing.

Sophomores learn the use of instruments, applied geometry, lettering, and projection. Juniors work with detail and assembly drawings, developments, and drawing reproduction. Seniors layout advanced assembly drawings, weldments, hydraulics, architecture, as well as working for six weeks in the machine shop.

Electronics

Hower's Tom Edisons constitute a relatively large group, adding 24 to the senior class.

The general objective of the electricity trade is skill. The curriculum is centered around the theory of electrical science, mathematics, physics, electrical circuits, diagrams, and shop applications.

A graduate may find employment as an appliance serviceman, servicing electric motors or generators in a shop, or as a beginning lineman in construction work.

Machine Shop

The first graduating machinists were in the class of 1930; Mr. Breitenbach was among them. He returned to teach in the field in 1942.

Students learn in the machine shop to make small parts, as well as to repair machines. They make repairs for the Board of Education and keep Hower's machinery in good shape.

Arrival of some new machines is anticipated as the department grows.

Late Entry

Although few in number, the sheet metal department is an established part of Hower High. In this area, students are taught the basic skills of handling, cutting, forming, and fabricating metal. They are also trained in the fundamentals of mechanical drawing as they apply to this field.

Graduates may be employed as workers in small shops or in large industries. They may work in roofing, heating, refrigeration, or turning.
